NECTA
Solista completes the renewal of the Necta range dedicated to smaller locations. The new protagonist of the table top sector is recognised by its appealing design and appreciated for its high-level capacity and technology performances.

The modern and elegant design is enriched by LED lights, a chromium-plated frame surrounding the selection area and elegant side graphic panels. This represents one of Solista's points of strength, which is bound to become the vending machine of reference for its market segment.

USER INTERFACE

- 10 direct selection pushbuttons
- Graphic display 128 x 64 pixel
- LED lighting of the user interface area with possibility to change the light color
- Possibility of LED lighting of the cup station
- Large and well readable product labels
- Possibility to install a chashless payment system and a validator at the same time
- Possibility to install a changegiver payment system in the base cabinet or in an optional side module when the machine is banked with Minisnakky

TECHNICAL INNOVATIONS

Solista is the first table top Necta model which uses latest technical innovations for drink preparation, such as:

- Z4000 Coffee unit
- Compact espresso boiler
- New Freemix instant technology
- Dosers and mixers with programmable speed
- New single powder canisters with capacity of 1 litre and 1.9 litre

ELECTRONICS

- Advanced 16 bit electronics with flash memory
- Master/slave connection with S&F machines
- Possibility to create or modify the set-up through GIGA
- Avanced implementation of MDB protocol

MAINTENANCE

- Colour coding for easy maintenance
- Simple movements to remove internal parts and clean the machine
- Stirrer column with optimized capacity
- Anti-dust cover of the coffee group
- Excellent balance between drink capacity and solid/liquid waste capacity
